Board Elections Held

**Joseph Johnson,
Architect**

The Kansas State Board of Technical Professions recently held an election of officers. Joe Johnson, Architect, was elected Board Chairperson. He is a licensed architect from Wichita, KS and was appointed to the Board in September 1996. He is a Senior Vice President of Schaefer Johnson Cox Frey & Associates, specializing in architecture, engineering, planning and interior design. Mr. Johnson is active in numerous civic organizations in the Wichita area and is a member of the National, State and Local Chapters of the American Institute of Architects.

Other officers of the Board that were elected are: Cecil Kingsley, Board Vice-Chair; Richard Moberly, Board Secretary; Murray Rhodes, Chair of the PE/LS Committee; and David Hoffman, Chair of the Arch/LA/Geo Committee.

Charles A. Stryker, P.E. 1949-2006

Charles A. Stryker

Charles A. Stryker, P.E., passed away Tuesday, June 13, 2006. Charlie was a member of the Kansas State Board of Technical Professions from 1988 until 1999. Charlie had the distinction of being the only professional engineer who has served on the Board for three, four-year terms, for a total of twelve years. Charlie held the office of Board Chair in 1993, 1994, and 1996. In 1989 he was Chair of the Engineering/Land Surveying Committee. He also chaired many other committees, various task forces and the Strategic Planning Committee. His guidance led the Board in dealing with issues which have contributed to significant progress in serving the public and its licensees.

He was the founder of the Board's newsletter, and authored the Board's historical abstract which

AGENCY MISSION

To provide maximum protection of the health, safety and welfare of the people of Kansas by assuring that the practice of engineering, architecture, land surveying, landscape architecture and geology in the state is carried out only by those persons who are proven to be qualified as prescribed by the statutes and rules and regulations of the Board of Technical Professions.

Programs Established To Assist With Agency Mission

Licensing, monitoring and regulating of technical professions:
 • Examine and certify Intern Engineers
 • License, monitor and discipline Engineers
 • License, monitor and discipline Architects
 • License, monitor and discipline Land Surveyors
 • License, monitor and discipline Landscape Architects
 • License, monitor and discipline Geologists
 • Licensing of Professional and General Corporations

is published on the webpage. Charlie’s outreach initiatives included conducting university student and faculty forums, participating in ABET accreditation visits, and frequently speaking at Building and Code Official’s conferences.
 His significant leadership and vision have placed the Kansas Board on the leading edge of important issues. His foresight in the legislative arena led to improved disciplinary enforcement and additional staffing to accomplish Board initiatives.
 We will always remember Charlie for his distinctive leadership, drive for excellence, impact and influence which are enduring benefits to all in the professional community.

DISCIPLINARY ACTION TAKEN BY THE BOARD

by Mark L. Bennett Jr.,
Board Attorney

Disclaimer: Every effort has been made to ensure that the following enforcement information is correct; however, this information should not be relied upon without verification from the Kansas board office. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Disciplinary orders are public information and copies may be obtained by contacting the board office.

Mark L. Bennett Jr.

IN THE MATTER OF JEFFREY A. TUTTLE, P.E.

Summary: Jeffrey A. Tuttle, at one time, was a licensed engineer in the State of Kansas; however, his license to practice engineering lapsed and was cancelled on April 30, 1987. Subsequently, Mr. Tuttle applied for reinstatement of his engineering license during the year 2005. In the course of consideration of the reinstatement application, it came to the attention of the Board that Mr. Tuttle had engaged in the unlicensed practice of engineering in the State of Kansas during that period of time that his license was cancelled by affixing his engineering seal to three separate documents, to wit: a site utility plan, a site grading plan and storm sewer plans and detention calculations for the Waterford Apartments in Wichita, Kansas.

Board Action: Following completion of an investigation of the circumstances of Mr. Tuttle’s unlicensed practice of engineering in the State of Kansas, Mr. Tuttle and the Kansas State Board of Technical Professions entered into a Settlement Agreement and Consent Order, which included the following:

1. Mr. Tuttle shall immediately cease and desist from the practice of engineering in the State of Kansas until such time as he is licensed to do so.
2. Mr. Tuttle shall pay a fine in the amount of \$500.00 and all expenses of the Board including attorney fees incurred in the investigation and prosecution of this matter in the amount of \$289.64 for a total fine and

cost of \$789.64. Said fine and costs to be received no later than July 21, 2006.

3. Upon Mr. Tuttle showing to the Board’s satisfactory evidence that he has fully complied with the Board’s continuing education requirements and full compliance with the terms of this settlement agreement, as well as full compliance with the statutes governing reinstatement of a license, Mr. Tuttle’s license to practice engineering in the State of Kansas will be reinstated.

Status: *Jeffrey A. Tuttle has paid the Board’s costs and fine and has shown proof of compliance with the Board’s continuing education requirement. Mr. Tuttle is also in full compliance with the terms and conditions of the Settlement Agreement and Consent Order and in full compliance with the statutes governing reinstatement of a license. Mr. Tuttle’s license has been reinstated and is in good standing at this time. The file is now closed.*

IN THE MATTER OF ARLEN GFELLER, UNLICENSED

Summary: On or about February 13, 2006 the Complaint Committee of the Kansas State

Board of Technical Professions received an inquiry regarding Arlen Gfeller having engaged in practicing, offering to practice or holding himself out as authorized to practice the technical profession of architecture in the State of Kansas without benefit of licensure. Following an investigation of the matter by the Board’s Complaint Committee, the Committee determined that Mr. Gfeller had, in fact, held himself out as authorized to practice architecture in the State of Kansas by use of a signature block and letterhead in which he designated himself as providing architectural drafting services.

Board Action: Mr. Gfeller and the Kansas State Board of Technical Professions entered into a Settlement Agreement and Consent Order, which included the following:

1. Mr. Gfeller shall immediately cease and desist from practicing, offering to practice or holding himself out as authorized to practice the technical profession of architecture in the State of Kansas until such time as he has been licensed to do so.

KANSAS STATE BOARD OF TECHNICAL PROFESSIONS REPORT OF ALLEGED VIOLATION FORM

1. Your Name, Address, & Phone Number:

2. Address of the building or project:

3. Name & address of person being reported:

4. Name of owner of project (if known):

5. Name of construction company involved in project (if known):

6. Please describe why you believe there may be a violation of our laws concerning this project:

7. Please provide any other information you believe is relevant to your complaint:

Date: _____ Signature: _____

Disciplinary Action/to page 3

2. Mr. Gfeller shall immediately cease and desist from referring to himself as an architect or from using the term architectural design or referring to himself as providing architectural drafting services in the State of Kansas until such time as he has been licensed to do so.

3. Mr. Gfeller shall immediately cease and desist from using any letterheads, business cards, web sites or any advertisements, including telephone book listings, which refer to him as providing architectural or architectural drafting services.

4. Mr. Gfeller shall pay a fine in the amount of \$500.00 and all expenses of the Board including attorney fees incurred in the prosecution of this matter in the amount of \$250.00 for a total fine and cost of \$750.00. Said fine and costs to be received on or before July 21, 2006.

Status: *Arlen Gfeller has fully complied with all of the terms and conditions of the Settlement Agreement and Consent Order in this matter. The file is now closed.*

IN THE MATTER OF ANDREW ZALUCKI, UNLICENSED

Summary: On or about June 27, 2004 the Complaint Committee of the Kansas State Board of Technical Professions received an inquiry from a Kansas licensed engineer regarding Andrew Zalucki and said engineer’s belief that Mr. Zalucki was holding himself out as a licensed engineer in the State of Kansas by including on his resume’, letterhead and business cards a reference to himself as a “Senior Supervising Engineer.” Following receipt of said letter, the Complaint Committee of the Board directed that an investigation be conducted concerning Mr. Zalucki and his activities with regard to a KDOT project in Johnson County, Kansas. As a result of that investigation, the Complaint Committee of the Board determined that Mr. Zalucki had violated the provisions of K.S.A. 74-7001 and K.S.A. 74-7029 by practicing, offering to practice or holding himself out as authorized to practice the technical profession of engineering in the State of Kansas when he was not licensed to do so by using the title of “Senior Supervising Engineer” and by making engineering design decisions and modifications to plans that had been prepared by licensed professionals. While Mr. Zalucki disagreed with the investigator’s conclusions and findings in this regard, Mr. Zalucki agreed that if proven, said activities on his part would constitute the practice of engineering in the State of Kansas when Mr. Zalucki was not licensed to so practice, in violation of the provisions as listed above.

Board Action: On or about July 18, 2006 Mr. Zalucki and the Kansas State Board of Technical Professions entered into a Settlement Agreement and Consent Order, which included the following:

1. Mr. Zalucki admitted that at all times relevant he was not licensed to practice engineering in the State of Kansas. He further acknowledged that certain terminology used in his resume’ and his use of the word “engineer” on business cards could likely be construed under the statutes referenced as the practice of engineering or holding himself out as authorized to practice engineering.

2. Mr. Zalucki will forthwith cease and desist from the following:

A. Practicing or offering to practice or holding himself out as authorized to practice engineering in the State of Kansas until such time as he is licensed to do so by the State of Kansas.

B. Using any terminology in resumes or other materials indicating that he has in the past been responsible for design of projects in the State of Kansas or that he was in anyway responsible for the “engineering” of projects without supervision of a licensed engineer.

C. Use of the word “engineer” to describe his profession or professional qualifications in the State of Kansas or within the jurisdiction of the Kansas State Board of Technical Professions and will further discontinue on his resume’ or on any other document that he has an engineering license “pending” in any other jurisdiction, provided further that nothing herein shall preclude Mr. Zalucki from referring to himself as a Kansas, or any other state, licensed professional engineer if such license is granted by this Board or in any other state in which he might be licensed.

D. Modifying any engineering plans, designs or calculations provided that nothing herein shall preclude Mr. Zalucki from providing direction consistent with the position of “Project Manager” as to the scope, budget and overall client expectations with reference to a particular project (unless the provisions of those services constitutes the practice of engineering as defined in K.S.A. 74-7003(h) and (i)) or from providing engineering services if a license is granted to Mr. Zalucki by the Kansas State Board of Technical Professions.

3. Mr. Zalucki shall pay the Board’s expenses in full incurred by the Board in the total amount of \$6,551.24, resulting from the investigation and prosecution of this matter. No additional expenses or other fees would be imposed and Mr. Zalucki agreed to pay said expenses in full on or before July 21, 2006.

Status: *Andrew Zalucki has paid the costs and expenses incurred by the Board in the investigation and prosecution of this matter in full. Additionally, to date, the Board has no information or belief that Mr. Zalucki is not in compliance with the other terms and conditions of the Settlement Agreement and Consent Order in this matter. The file is now closed.*

IN THE MATTER OF WALTER W. NIEDNER, P.E.

Update: *The Complaint Committee of the Board received Mr. Niedner’s final required quarterly report as set out in the Board’s Order dated March 15, 2004. Mr. Niedner has now complied with all of the terms of his probation and this file has been closed.*

NCEES Central and Western Zone Meeting

The National Council of Examiners for Engineers and Surveyors’ joint meeting of the Central and Western Zones was held on June 1-3, 2006 in Santa Fe, NM.

Those attending from the Kansas State Board of Technical Professions were: George Barbee, Public Member; George Dean, P.E.; Donald Rathbone, P.E., Public Member; Murray Rhodes, L.S.; Kenneth Vaughn, P.E.; and Mary Leigh Dyck, Board staff member.

A highlight of the meeting was the presentation of the NCEES Central Zone Distinguished Service Award, received posthumously by Larry Hole, P.E., and a former member of the Kansas Board of Technical Professions. In his service to NCEES, Hole participated on the mechanical engineering exam committee for four years. He also served on the FE exam content review committee and the Committee on Awards. He attended 11 national and zone meetings and served as assistant vice president for the Central Zone in 2004–2005. The award was presented by William T. Sutherland, P.E., NCEES Central Zone Vice President. Accepting the award from KSBTP was Donald Rathbone, P.E., along with George Barbee, Public Member, Murray Rhodes, L.S., Kenneth Vaughn, P.E. and George Dean, P.E.

Kansas Board Member Don Rathbone was elected to serve as the Vice President of the Central Zone for the next term. He will do an excellent job representing Kansas and the members of the Central Zone of NCEES.

Other issues presented for discussion and consideration included the NCEES Registered Continuing Education Provider Program, the new NCEES Foreign Degree Evaluation Service, providing collusion analysis for exams, and establishing comprehensive standards for exam administration.

George Barbee, Public Member, presenting the State Report.

William Sutherland, P.E., NCEES Central Zone Vice President (left), presenting the Larry Hole award to Board Members from left to right, Donald Rathbone, P.E.; Kenneth Vaughn, P.E.; George Barbee, and George Dean, P.E.

Two Board Members Honored For Years of Service

At the May 18, 2006 board meeting, two board members were honored for their four years of service to the Board. Joe Vanderweide, architect, Garden City, has served on the Board for three consecutive four-year terms, the maximum number of terms allowed by the statute.

Kenneth Vaughn, P.E., Prairie Village, has completed eight years of service. Both members received a plaque of appreciation for their years of dedicated service and leadership to the Board.

Dr. Thomas Mulinazzi, P.E., L.S. (left) honored Kenneth Vaughn, P.E., with a plaque. Not shown, Joe Vanderweide, Arch.

Governor Makes Appointments to the Board

Governor Kathleen Sebelius has appointed Vincent Mancini, Architect, of Sublette to the Kansas State Board of Technical Professions effective June 30, 2006. Mancini is with Gibson, Mancini, Carmichael, and Nelson, P.A., Garden City, KS. He is licensed to practice architecture in Kansas, California, Colorado and Oklahoma. Mancini has served on the AIA Kansas Board of Directors, including a term as President in 1997. He is also a recipient of the AIA Kansas Henry W. Schirmer Distinguished Service Award.

Vincent Mancini, Architect, New Board Member.

The Governor has also reappointed Kenneth Vaughn, P.E., of Prairie Village to the Board for a third four-year term. Vaughn has a BS and MS from the University of Kansas in civil engineering, structural specialty. He worked forty years in private practice as a partner and principal with the firm of Larkin Associates Consulting Engineers retiring in 1994. Vaughn is a member of NSPE, ASCE & APWA and is a past president of the Kansas City Section of ASCE. He also serves as a member of the Civil Engineering Advisory Board at the University of Kansas.

IN MEMORIAM

The Board and staff wish to extend our sympathies to the families and friends of these individuals who have honored their professions:

Charles A. Stryker, 57, Topeka, died Tuesday, June 13, 2006 at his home. He was born April 25, 1949 in Marysville, the son of Floyd and Mary Griswald Stryker. He graduated from Blue Rapids High School in 1967, received a BS in Civil Engineering from Kansas State University in 1971 and a MS in the same field from Texas A&M University in 1974. He did additional graduate studies in Civil Engineering at K-State and MBA studies at the University of Kansas. Charles came to Topeka in 1978. He served as Secretary/Treasurer and later as President of M.W. Watson, Inc., and later served as President of Anco Construction Company. He established CAS Construction, Inc. in 1985, and was currently serving as President. He was a licensed contractor in 19 states, was a Block-tested Master Mechanical and Master Plumber, as well as a licensed professional engineer in six states and a Diplomat of the American Academy of Environmental Engineers. His professional organizations include the Kansas State Board of Technical Professions, Design Build Institute of America, American Water Works Association, National Society of Professional Engineers, Kansas Society of Professional Engineers, Water Environment Federation, Associated General Contractors of Kansas, Kansas Contractors Association, Builders Association Self Insured Fund, American Society of Civil Engineers, Kansas State University, College of Engineering Advisory Council, Kansas State University, College of Engineering 2002 Alumni Fellow Award, Sigma Tau, Construction Honorary,

and Phi Kappa Phi, Texas A&M University. He was inducted into the KSU Engineering Hall of Fame in 2004, and was named an honorary member of the Chi Epsilon Engineering Chapter at KSU in 2004. He was an active member of First Baptist Church, serving on the Property Board, Task Forces, and chaired the Building Committee in 2001-2002. He currently was serving on the Board of Ministries as Administration Coordinator. He served as Vice-Chairman of the Metropolitan Topeka Airport Authority, and was on the Board of the Jayhawk Area Council of Boy Scouts. He served as President of the Lakeview Hunting & Fishing Association and Topeka Flyers, Inc. He was also a member of Rotary International, the Kansas Pilots Association, and the Aircraft Owners & Pilots Association. Charles married Karen Patton on Nov. 9, 1984 in Topeka. She survives at the home. Other survivors include their children, Amy Knudtson, Travis Stryker, Elizabeth Stryker, and Justin Stryker, all of Topeka; his mother, Mary Stryker, Topeka; two brothers, Ron Stryker, Topeka, and Ross Stryker, Lebanon, MO; and one granddaughter, Allison Knudtson. His father preceded him in death in 1986. Memorial contributions may be made to the Charles A. Stryker Memorial Scholarship Fund, c/o Kansas State University Foundation, 2323 Anderson Ave., Suite 500, Manhattan, KS 66502, or to First Baptist Church, 3033 SW MacVicar, Topeka, KS 66611. To leave a special message for the family online, visit www.PenwellGabel.com. Charles A. Stryker. Published in the Topeka Capital-Journal on 6/15/2006.
